Title: _____

Date: _____

APPENDIX B

OUTLINE FOR NARRATIVE PROPOSAL

Each application must have a narrative proposal, not to exceed five pages, using the following outline and headings:

A. Organization Background.

1. Mission and history of the organization.
2. Constituents served.
3. A brief description of the organization's current projects and activities.

B. Definition of Problem/Statement of Need.

1. Define and document the problem or need addressed by this project.
2. Cite data to substantiate the significance of the need.
3. Include information that explains the problem. Examples include anecdotal evidence, literature reviews, personal stories, etc.

C. Project Description.

1. Describe your project.
2. Explain how the project will advance swine production in Iowa in an innovative manner.
3. Is your project evidence/researched based? If yes, please briefly describe. If not, why not?
4. Will any subcontractors be used in this project? If yes, include name and address of each subcontractor in the narrative, the qualification of each contractor, the scope of work to be performed by each contractor, and the estimated dollar amount of each subcontract. Also attach to the application any letter of agreement or memo of understanding with a subcontractor to be used in this project.

D. Project Goals and Objectives.

1. List the project's goal(s) and specific measurable objectives.
2. Describe the methods and activities to be used to accomplish these objectives.
By whom, where, and when?
3. Include a timetable of key methods and activities.

E. Continued Funding Sources.

1. If the project requires continued funding, describe in detail where and how future funding will be acquired.

Appendix B (Cont.)

F. Collaboration With Others.

1. If the project is similar to or duplicates other existing programs, how will this project's approach be different from already established efforts.?
2. If other individuals or organizations are conducting similar programs, what attempts have been made (or will be made) to collaborate with these individuals or organizations.

G. Evaluation.

1. How will the project be evaluated as successful in advancing swine production in Iowa in an innovative manner.
2. Describe what data will be collected will be collected to evaluate the program, how it will be collected, and how will the data be used to evaluate the success of your project.
